

May Howard Pre-K

May 15th, 2020

Good morning Pre-K! Please choose from any of the activities below and have fun learning at home. If you choose to go on an adventure or engage in play based learning instead of the activities below, we'd love to hear about what you have engaged in (a visit to a park, creating art, fine motor practice, cooking). Keep reading books with your children. Snuggling up and reading an actual book is the best, but online stories are great too! Epic, Story online, and Story time from Space are all online options (bottom right section of the symboloo <https://mayhowardprek.weebly.com/additional-activities.html>) Your May Howard teachers are recording weekday stories and posting to the website as well. <https://mayhowardprek.weebly.com/story-time.html> Have fun!

Language and Literacy CLL6.4b/5.4c	Social Studies SS4.4b	Math MA2.4c/6.4a, b	Science SC3.4a/SC4.4a, b
<p>Have your child fill in the following sentences with rhyming words. If needed, help your child if she is having difficulty by making beginning sounds for the rhyming words. If your child needs a challenge, ask her for multiple answers for rhyming words, even if they do not make sense in the sentence.</p> <ol style="list-style-type: none"> 1. There was a kitten who wore a _____. (mitten) 2. I had a dog who sat on a _____. (log) 3. The cow wants some hay, and she wants it right ____! (now) 4. My friend had a car that could travel very _____. (far) 5. When I ride on a boat, I have to wear a _____. (coat) <p>Or</p>	<p>Story Time: Goldilocks Has Chicken Pox Oh no! Goldilocks has chicken pox! Who will take care of her? How will she get better? Help your child make real-world connections. Who takes care of you when you are sick?</p> <p>Or</p> <p>Talk with your child about all the people who can help when others are sick (community workers, family members, etc.). Have your child draw a picture of one of the helpers and dictate to you how they help.</p>	<p>Domino Dots: using dominoes (real or homemade), have your child count the dots on each domino and tell how many.</p> <p>To make it harder, turn each domino into an addition problem.</p> <p>For example: 3 dots on the left and 2 dots on the right</p> <p>$3 + 2 = 5$ </p> <p>Or</p> <p>Sky Write Shapes</p> <p>Lay in the grass and look up at the sky. What shapes are the clouds making? Can you see any pictures in the clouds? Trace shapes in the air with your fingers.</p>	<p>Work with your child to set up a pretend pet store using items around your home. Talk about what pets live inside. List what those animals need to live. Encourage your child to choose a pet and then make a list of items they need to pick up at the "store" to take care of their pet. Create a list with your child. For example, under the title, "What Dogs Need," list the following: food, water, bed, toys, house and bone. Your child can practice writing on the paper you provide before they go to the "store" to pick up the items.</p> <p>Or</p> <p>Playdough and Marbles STEM</p> <p>Can you build a marble run with a play dough path? Paper cups make the perfect material for supporting the structure, and they can be cut to any height. The play dough is easy to mold</p>

[Are You My Mother?](#) by

P.D. Eastman.

After reading the book with your child, ask your child the following questions:

1. What is the setting of the story? (outside near the bird's nest)
2. Who is the main character in the story? (the baby bird)
3. Who are the other characters in the story? (kitten, hen, dog, cow, car, boat, plane, "snort", mother bird)
4. What is the problem in the story? (The baby bird couldn't find his mother and he didn't know what she looked like.)
5. What is the solution to the problem? (The "snort" put him back in his nest and his mother returned.)

and shape into curved pathways, and if the marble bounces over the side, you can easily make the side a little taller. All in all, it's such a great material to work with!

Teach children simplified versions of popular line dances such as "The Electric Slide." After they have mastered the steps, play music and encourage them to dance to the beat of the song.
